

JAHANPARS GROUP

## Chairman's message

I believe serving humankind should be the utmost purpose for both individuals and institutions. With a steadfast belief in this principle, we have chosen construction and manufacturing domains as a judicious course for achieving this noble objective. We believe these activities represent a fundamental and lasting positive contribution to the society while creating abundance of honorable large- scale employment opportunities.

We commenced our humble contracting activities in the oil-rich regions of southern Iran in 1962. Today, having gone through a very gradual and consistent progress, we are proud to have achieved over sixty years of continuous successful operations in accomplishing our commitments under various challenging conditions.

Through hard-work and resilience, JAHANPARS has established itself as a leading reliable EPC Contractor in Iran. Our success is founded on our long-term vision and closely-held core values. These include a passionate dedication to fulfilling our commitments, hard work, avoidance of extravagance, upholding professional ethics, and the continuous development of our human capital, facilities, and equipment.

JAHANPARS team has achieved remarkable results in executing numerous complex projects including oil and gas refineries; oil and gas field developments; petrochemical complexes; offshore platforms and pipe lines; steel plants; cement, copper, and paper factories; water and wastewater treatment plants; pipelines for oil, gas, water, and sewage systems; dams; power plants; storage tanks and irrigation networks to name a few.

Our vision for the future goes well beyond our home country's borders. In light of this aspiration, we welcome the opportunity of engaging with like-minded leaders who are passionate and determined to contribute to the betterment of our world.

*Nader Ataei*  
*Chairman of Board of Directors*

## Overview

JAHANPARS with more than 6 decades of outstanding experience acts as a leading and committed general contractor in the implementation of major infrastructure projects in various fields of industry, especially oil, gas and petrochemicals.

JAHANPARS places high priority on promotion of occupational safety and health of employees through prevention of accidents, periodic medical examinations, applying smoking policies and encouraging employees to exercise.

JAHANPARS has implemented outstanding projects in industries, especially oil, gas and petrochemicals, by employing competent and experienced personnel and specialized equipment.

JAHANPARS serves national and international clients throughout a wide variety of industries, including oil and gas, petrochemicals, power, and infrastructure projects.

JAHANPARS has been responsible for integrated management of activities in implementation of turn-key projects.

## Field of Activities

JAHANPARS takes on full responsibility for the execution of projects on turn-key basis in the following fields:

- ◀ Housing, High-rise Buildings and Urban Development
- ◀ Road, Railway, Airport and Harbour Embarkment and Concrete Dams and Major
- ◀ Civil and Infrastructural Works, Irrigation and Drainage Networks
- ◀ Environmental Protection and utilities including Water Treatment, Sewage Networks and Water Supply Systems
- ◀ Gas and Water Injection in oil/gas reservoirs Oil, Gas, Water and Sewerage Pipelines
- ◀ Tank Farms
- ◀ Oil and Gas Refineries and Desalination Units
- ◀ Gas Gathering Systems and LNG Plants
- ◀ Compressor and Pump Stations
- ◀ Jetties and Offshore Platforms
- ◀ Petrochemical Complexes
- ◀ Cement, Steel, Paper Mill and other Industrial Plants
- ◀ Power Plants and Substations
- ◀ Power Transmission and Distribution Networks
- ◀ Industrial Plant Maintenance, Overhauling and
- ◀ Rehabilitation

## Services

JAHANPARS as a general contractor takes on full responsibility of the whole project and performs integrated management of the following activities

- ◆ **Engineering**
  - Feasibility Studies
  - Basic Design
  - Detailed Engineering
  - Systems Diagnosis
- ◆ **Project Management**
  - Construction and Installation Management
  - HSE and QC system Management
- ◆ **Procurement**
  - Sourcing Supply Chain Management
- ◆ **Construction**
  - Pre-fabrication
  - Installation and Commissioning
- ◆ **Maintenance, Overhaul and Operation**
- ◆ **Financial**

## Certificates

### ◆ Ranking in Construction & Installation

JAHANPARS successfully achieved 1st rank in 7 major industrial fields from Iran's Plan and Budget Organization (PBO) as follows:

1. Oil & Gas
2. Equipment & Facilities
3. Civil & Building
4. Industry & Mine
5. Power
6. Water
7. Transportation & Road

### ◆ Ranking in Turnkey EPC

JAHANPARS holds Type 1 of 1st rank in Turnkey Projects' Ranking (EPC) as follows:

- Oil and Gas Upstream and Surface Facilities
- Oil and Gas Refineries and Petrochemical Industries
- Oil and Gas Transmission Pipelines
- Industry and Mine

### ◆ IMS

JAHANPARS has been awarded the following certificates by SGS:

- ISO 9001: 2015, Quality Management System
- ISO/TS 29001: 2010; QMS for Oil, Gas and Petrochemical projects
- ISO 45001: 2018; Occupational H&S Assessment Series Standard ISO
- 14001: 2015; Environmental Management System
- HSE-MS; Management System of International Oil Company
- ISO 3834-2:2005; Quality Requirements for Fusion Welding of Metallic Materials
- ISO 18001: OHSAS Occupational H&S Assessment Series Standard ISO

### ◆ HSE

Jahanpars Group obtained totally record of 50 million man-hours without incident in Darood oil field development projects by cooperating with Total Co. of France and phases 1 & 2 of Darquain oil field development by cooperating with Eni Co. of Italy and other projects.

## Human Resources, Machinery & Logistic Bases

### ◆ Human Resources:

Management team of JAHANPARS Group consists of professional, experienced, qualified and motivated personnel who have successfully completed many complex projects. The number of Group personnel during peak of projects activity reached over 12,000 personnel.

### ◆ Machinery:

JAHANPARS Group owns an independent organization of construction and installation machinery and equipment, with fleet more than 3,500 public and specialized machinery and workshop facilities which is unique in terms of number and capacity in the country and even in the zone.

### ◆ Operational and Logistic Bases:

Borumi Operational and Logistic Base was constructed in a land with an area of 40 ha. in the suburban of Ahvaz. This Base is the main Logistics center of Jahanpars group in the South Oilfields that is mobilized with facilities, equipment and machinery are constructed in the south zones of Iran to support projects.

Moreover, Jahanpars Co. owns several Camps as follows:

1. Bidkhun Camp (Asalouyeh) 3.5 ha. 2-Shirinu Camp (Asalouyeh) 9,000 Sqm.
2. Darquain Camp: 3.500 Sqm.
3. Manhshahr & Persian Gulf camp: 34,000 Sqm.
4. Lammerd Camp and Parsian Refinery: 40 ha.

## Subsidiaries

### ◆ **PETROGAS JAHAN CO.:**

PETROGAS JAHAN Eng. Company, with its experienced design specialists and mobilizing with the latest versions of engineering Software, acts as the engineering arm and design management of JAHANPARS. Petrogas Jahan has been awarded the 1st grade in the fields of “Oil & Gas Refinery and Petrochemical Industries”, “Oil and Gas Upstream Facilities”, “Oil and Gas Transmission Pipelines” and “Residential, Trading, Administrative, Industrial and Military Buildings” by Plan and Budget Organization of Iran.

### ◆ **PETROFOOLAD JAHAN CO.**

PETROFOOLAD JAHAN is mobilized with pre-full-automatic fabrication steel structure factories with an area of 6 ha. located at Safadasht, Shahriyar with production capacity of 20000 tons per year and Gravel Mine located in Andimeshk City.

## Partners, Clients and International Partnerships

### Major Clients

JAHANPARS Group has cooperated with many domestic clients and international companies as follows:

- ◆ National Iranian Oil Company (NIOC)
- ◆ National Petrochemical Company (NPC)
- ◆ Iran Ministry of Agriculture
- ◆ National Iranian Steel Co.
- ◆ National Iranian Gas Company (NIGC)
- ◆ Iran Ministry of Energy
- ◆ Iran Ministry of Industry & Mines and Commerce
- ◆ National Iranian Copper Industries Co.
- ◆ SINOPEC Int'l Petroleum Exploration and Production Corporation
- ◆ China National Petroleum Corporation International (CNPCI)
- ◆ ENI of Italy
- ◆ Petroleum Development Oman (PDO)
- ◆ NFC of China
- ◆ Snamprogetti of Italy
- ◆ TOTAL of France
- ◆ EIL of India
- ◆ ZN Vostok Co.

## Major Completed Projects

### Gohar Zamin Iron Ore Mine Tailings Dam No. 2 Project

Location: Kerman Province, Iran

Client: Gohar Zamin Iron Ore Co.

Scope of Work: 4,500,000 m<sup>3</sup> excavation

Date of Completion: December 2022

### BID BOLAND II Gas Treatment Plant Project

Location: Khuzestan Province, Iran

Client: Persian Gulf Petrochemical Industries Co. (PGPIC)

Partner: Sazeh Consultants

Plant Capacity: 2 BCFD of natural gas processing

Date of Completion: 2020

### AZAR Oil Field Development Project

Location: Ilam Province, Iran

Client: Sarvak Azar Engineering and Development Co. (SAED)

Capacity: 65,000 bpd

Completion Date: November 2021

## Major Completed Projects

### **Construction of South of Iran Aluminum Smelter Project**

Location: Fars Province, Iran

Client: NFC of China

Capacity: Production of 300,000 tons of aluminum and  
164,000 tons of Anodes per year

Completion Date: 2019

### **Gas Transfer and Water Supply of West Karoon Power Station Project**

Location: Khuzestan Province, Iran

Client: Petroleum Engineering and Development Co. (PEDEC)

Completion Date: 2018

### **ODORANT Production Plant (EPC)**

Location: Assaluyeh, Iran

Client: Iranian Gas Engineering and Development Co. (IGEDC)

Capacity: 800 TPY

Completion Date: December 2017

## Major Completed Projects

### Yadavaran Oil Field Development Project

Location: Khuzestan, Iran

Client: SINOPEC International Petroleum Exploration and Production Corporation

Scope of Work:

- Central Treatment Export Pipeline (CTEP)
- Export Pipeline (EPL)
- Early Production System (EPS)
- Spur Roads

Completion Date: 2017

### North Azadegan Oil Field Development Project

Location: Khuzestan Province, Iran

Client: China National Petroleum Corporation Int'l (CNPCI)

Scope of Work: Oil and Gas Processing Surface & Export Facilities

Completion Date: 2017

### South Pars Gas Field Development Projects

Location: Assaluyeh, Iran

Scope of Work:

Phases 17&18 Gas Refineries – Propane Unit

Phases 20&21 Gas Refineries – Propane Unit, Two Gas Trains, Gas Condensate Tanks

Phases 22,23&24 Gas Refineries – Area 4 Sweetening Unit

Completion Date: 2015

## Major Completed Projects

### Qarn-e-Alam Power Station Phase 3

Location: Sultanate of Oman  
Client: Petroleum Development Oman (PDO)  
Completion Date: 2012

### Darquain Oil Field Development – Phases 1 & 2

Location: Khuzestan Province, Iran  
Client: ENI of Italy  
Capacity: Phase 1, 50,000 bpd  
Phase 2, 160,000 bpd  
Completion Date: Phase 1, 2004  
Phase 2, 2009

### AMAK Project

Location: Khuzestan Province, Iran  
Client: Petroleum Engineering and Development Co. (PEDEC)  
Capacity: 242 MMSCFD including Compressor Stations, Gathering and Transmission Lines, Sweetening, Treating Plant  
Completion Date: 2007

## Major Completed Projects

### **Borzouyeh Petrochemical Complex Project (4th Aromatic Plant)**

Location: Asalouyeh, Iran

Client: National Petrochemical Company (NPC)

Plant Capacity: 4,479,000 TPY of Aromatics  
and gas processing of 240 MMSCFD

Completion Date: July 2006

### **Dorod Oilfield Surface Facilities Project**

Location: Kharg Island, Iran

Client: Total of France

Completion Date: 2005

### **PARSIAN Gas Refinery**

Project Location: Fars Province, Iran

Client: National Iranian Gas Co. (NIGC)

Capacity: 25 MMSCFD of Gas

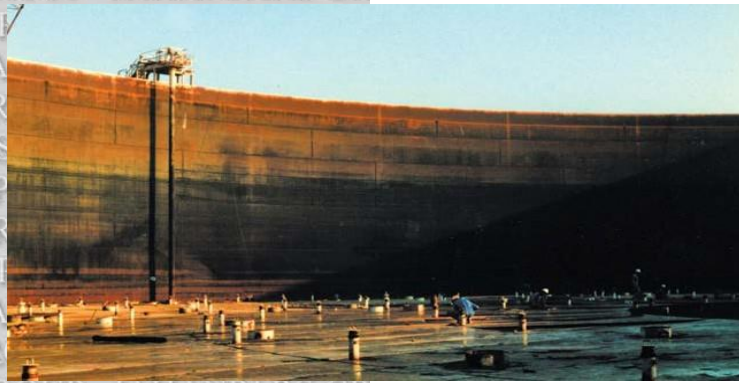

Completion Date: January 2007

## Major Completed Projects

### Fajr Petrochemical - Water Treatment Project

Location: Khuzestan Province, Iran  
Client: National Petrochemical Company (NPC)  
Capacity: Treating 7,000 m<sup>3</sup>/hr of Water  
Completion Date: 2001

### Revamping of Crude Oil Storage Tank

Floating Roof Project  
Location: Siri Island, Iran  
Client: Iranian Offshore Oil Co. (IOOC)  
Capacity: 1 million barrels of crude oil  
Completion Date: 2001

### A & E Phases of Sirri Oil Field Development Project

Location: Siri Island, Iran  
Client: Total of France  
Capacity: 100,000 bbl/d of oil processing and 90 MMSCFD of associated gas  
Completion Date: 2000

## Major Completed Projects

### Ahwaz 48" Potable Water Pipeline Project

Location: Khuzestan Province, Iran  
Client: Ministry of Energy  
Capacity: 2.2 m<sup>3</sup>/sec of Water  
Completion Date: 2000

### Abouzar Oilfield Development Project

Location: Bushehr  
Client: IOEC affiliated to National Iranian Oil Co.  
Capacity: 100,000 bpd oil platform AA & AC  
Weight: 4,600 Tons  
Completion Date: 2000

### Bandar Abbas Oil Refinery Project

Location: Bandar Abbas, Iran  
Client: National Iranian Oil Co.  
Construction of Asphalt Blowing and Visbreaker Plants  
Capacity: 33,000 bpd  
Completion Date: 1998

## Major Completed Projects

### **Moghan Irrigation and Drainage Network Project**

Location: Ardabil Province, Iran

Client: Ministry of Agriculture

Scope of Work: Land leveling 22,000 ha

Construction of a Water Distribution Canalete Network &  
Sub-surface Drainage Network

300 km. of Prefabricated Concrete Canals

Construction of access roads & Client's residential complex

Construction of Canalete Manufacturing Plant

Completion Date: 1997

### **Tabriz Petrochemical Complex Project (Polyethylene Unit)**

Location: Tabriz, Iran

Client: National Petrochemical Co. (NPC)

Plant Capacity: 100,000 TPY of Polyethylene

Completion Date: 1996

### **Hormozgan Cement Plant**

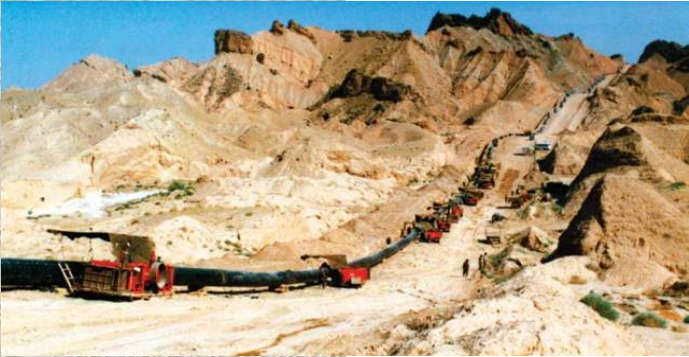

Location: Hormozgan Province, Iran

Client: Ehdas Sanat Co. (affiliated to Ministry of Industries)

Capacity: 3,000 TPD

Completion Date: 1997

## Major Completed Projects

### **Bibi-hakimeh and Rag-sefid Gas Injection Project**

Location: Khuzestan Province, Iran

Client: National Iranian Oil Co. (NIOC)

Capacity: 270 MMSCFD Gas Injection and 330 KM Gas Gathering and Injection Lines.

Completion Date: 1996

### **Rasht-Neka 30" Gas Transfer Pipeline Project**

Location: Rasht to Neka, Iran

Client: National Iranian Gas Co. (NIGC)

Capacity: Transferring 420 MMSCFD

Completion Date: 1993

### **Mobarakeh Steel Hot Rolling Plant**

Location: Esfahan Province, Iran

Client: Mobarakeh Steel Complex

Capacity: 1.2 Million TPY

Installation of machinery & equipment of hot rolling equipment 51 of Mobarakeh Steel Complex

Completion Date: 1992

## Major Ongoing Projects

### **Platforms (A20-21) in ABOUZAR Oil Field Project**

Location: Persian Gulf, Iran

Client: Iranian Offshore Oil Co. (IOOC)

Capacity: 18,000 bpd

### **Darrezar Copper Comminution Plant Project**

Location: Kerman Province, Iran

Client: National Iranian Copper Industries Co. (NICICO)

Capacity: 10,800,000 MT/Y

### **Bushehr Petrochemical Plant Project**

Location: Bushehr Province, Iran

Client: Bushehr Petrochemical Co.

Scope of work: Utility and Offsite Units

## Major Ongoing Projects

### **Sadaf Petrochemical Plant Project (ESBR Unit)**

Location: Bushehr Province, Iran

Client: Sadaf Petrochemical Co.

Capacity: 136,000 tons per year

### **LALI- BANGESTAN Oil Field Development Project**

Location: Khuzestan Province, Iran

Client: National Iranian South Oil Co. (NISOC)

Partner: National Iranian Drilling Co.

### **Balarood Oil Field Development Project**

Location: Khuzestan Province, Iran

Client: National Iranian South Oil Co. (NISOC)

Partner: National Iranian Drilling Co.

## Major Ongoing Projects

### Ilam Gas Refinery Project (Phase I & II)

Location: Ilam Province, Iran

Client: Iranian Gas Engineering and Development Co. (IGEDC)

Capacity: 3.4 MCMPD

### West Paydar & Cheshmeh Khosh Oilfields Project

Location: Ilam Province, Iran

Client: ZN Vostok Ltd. Company

- Construction of camp and warehouse
- Preparation of site and construction of IPWSU Plant
- Debottlenecking for Central Processing Plant

### Urmie Petrochemical Poly Aluminum Chloride Plant Project

Location: Western Azerbaijan Province, Iran

Client: Urmie Petrochemical Complex

## Major Ongoing Projects

### **Esfahan Refinery KHT Unit Project**

Location: Esfahan Province, Iran

Client: Exir Iranian Petro-refining Company

### **Salman platform to Siri Island 30" Gas Pipeline**

Location: Persian Gulf, Iran

Client: Iranian Oil Offshore Co. (IOOC)

Scope of Work: Construction 30" Gas Pipeline

### **Technical, Engineering, Repair**

### **and Maintenance Services of Darquain Oilfields**

Location: Khuzestan Province, Iran

Client: Arvandan Oil and Gas Co.
